OUR PLEDGE REGARDING HEALTH INFORMATION:

We understand that health information about you and your health care is personal. We are committed to protecting health information about you. We create a record of the care and services you receive from us. We need this record to provide you with quality care and to comply with certain legal requirements. This notice applies to all of the records of your care generated by this health care practice, whether made by your physical therapist or others working in this office. This notice will tell you about the ways in which we may use and disclose health information about you. We also describe your rights to the health information we keep about you, and describe certain obligations we have regarding the use and disclosure of your health information.

We are required by law to:

- make sure that health information that identifies you is kept private;
- give you this notice of our legal duties and privacy practices with respect to health information about you; and
- follow the terms of the notice that is currently in effect.

HOW WE MAY USE AND DISCLOSE HEALTH INFORMATION ABOUT YOU.

For Treatment. We may use health information about you to provide you with health care treatment or services. We may disclose health information about you to doctors, nurses, technicians, health students, or other personnel who are involved in taking care of you. They may work at our offices or at another provider's office.

For Payment: We may use and disclose health information about you so that the treatment and services you receive from us may be billed to and payment collected from you, an insurance company, or a third party. For example, we may need to give your health plan information about your office visit so your health plan will pay us or reimburse you for the visit. We may also tell your health plan about a treatment you are going to receive to obtain prior approval or to determine whether your plan will cover the treatment.

For Health Care Operations: We may use and disclose health information about you for operations of our health care practice. These uses and disclosures are necessary to run our practice and make sure that all of our patients receive quality care. For example, we may use health information to review our treatment and services and to evaluate the performance of our staff in caring for you. We may also combine health information about many patients to decide what additional services we should offer, what services are not needed, whether certain new treatments are effective, or to compare how we are doing with others and to see where we can make improvements. We may remove information that identifies you from this set of health information so others may use it to study health care delivery without learning who our specific patients are.

Other: We may also use or disclose your protected health information in the following situations without your authorization: These situations include: as Required By Law, Public Health Issues as Required by Law, Communicable Diseases, Health Oversight, Abuse or Neglect, Food and Drug Administration requirements, Legal Proceedings, Law Enforcement, Coroners, Funeral Directors, Organ Donation, Research, Criminal Activity, Military Activity and National Security, Workers' Compensation, Inmates: Required Uses and Disclosures. We may use and disclose health information to tell you about health-related services or recommend possible treatment options or alternatives that may be of interest to you. Please let us know if you do not wish us to send you this information, or if you wish to have us use a different address to send this information to you. We may disclose health information to a health oversight agency for activities authorized by law. These oversight activities include, for example, audits, investigations, inspections, and licensure. These activities are necessary for the government to monitor the health care system, government programs, and compliance with civil rights laws. If you are involved in a lawsuit or a dispute, we may disclose health information about you in response to a court or administrative order. We may also disclose health information about you in response to a subpoena, discovery request, or other lawful process by someone else involved in the dispute, but only if efforts have been made to tell you about the request or to obtain an order protecting the information requested.

YOUR RIGHTS REGARDING HEALTH INFORMATION ABOUT YOU.

You have the following rights regarding health information we maintain about you:

Right to Inspect and Copy: You have the right to inspect and copy health information that may be used to make decisions about your care. Usually, this includes health and billing records.

Another licensed health care professional chosen by our practice will review your request and the denial. The person conducting the review will not be the person who denied your request. We will comply with the outcome of the review.

Right to Amend. If you feel that health information we have about you is incorrect or incomplete, you may ask us to amend the information. Any amendment we make to your health information will be disclosed to those with whom we disclose information as previously specified.

Right to an Accounting of Disclosures. You have the right to request a list accounting for any disclosures of your health information we have made, except for uses and disclosures for treatment, payment, and health care operations, as previously described. To request this list of disclosures, you must submit your request in writing to Barb O'Hara, Administrator, Privacy Official. Your request must state a time period which may not be longer than six years and may not include dates before April 14, 2003. The first list you request within a 12 month period will be free. For additional lists, we may charge you for the costs of providing the list. We will notify you of the cost involved and you may choose to withdraw or modify your request at that time before any costs are incurred. We will mail you a list of disclosures in paper form within 30 days of your request, or notify you if we are unable to supply the list within that time period and by what date we can supply the list; but this date will not exceed a total of 60 days from the date you made the request.

Right to Request Restrictions. You have the right to request a restriction or limitation on the health information we use or disclose about you for treatment, payment, or health care operations. You also have the right to request a limit on the health information we disclose about you to someone who is involved in your care or the payment for your care, such as a family member or friend. ***We are not required to agree to your request for restrictions if it is not feasible for us to ensure our compliance or believe it will negatively impact the care we may provide you.*** If we do agree, we will comply with your request unless the information is needed to provide you emergency treatment. To request a restriction, you must make your request in writing to Barb O'Hara, Administrator, Privacy Official. In your request, you must tell us what information you want to limit and to whom you want the limits to apply. For example, use of any information by a specified nurse, or disclosure of specified surgery to your spouse.

Right to Request Confidential Communications. You have the right to request that we communicate with you about health matters in a certain way or at a certain location. For example, you can ask that we only contact you at work or by mail to a post office box. To request confidential communications, you must make your request in writing to Barb O'Hara, Administrator, Privacy Official. We will not ask you the reason for your request. We will accommodate all reasonable requests. Your request must specify how or where you wish to be contacted.
